Congress Venue - Porto Palácio Hotel - Porto, Portugal.

September 3-5, 2009

Dear Colleagues

Since the beginning of the XXI century, the European Academy of Facial Plastic Surgery (EAFPS) didn't stop to grow. Much of this growth results from the increasing interest in Facial Plastic Surgery in Europe from a community of surgeons, dispersed in different specialities, which the Academy with the support of the National Delegates has known to agglutinate. In order to achieve this growth it is fundamental both the constant update and the exchange of knowledge/experiences. In this context, meetings are one very important key point. New policies for meetings with the support of the EAFPS have been approved and are in use since 2005. In 2006, the decision to establish an Annual Meeting of the Academy, instead of a biannual one, was taken. It was also decided that it would occur in the beginning of each month of September starting in 2009.

Portugal and the city of Porto have the privilege to initiate this new cycle, with the organization of the Annual Meeting in the 32nd year of the EAFPS in September 3-5, 2009. We are working in an unforgettable meeting, where you can **join the experience of the masters, increase your knowledge and also discover Porto.**

Porto is a charming city with a lot of history, good gastronomy and a worldwide famous wine.

We look forward to welcoming you to Porto, in September 2009.

A. Sousa Vieira, MD
Congress President 2009
European Academy of Facial Plastic Surgery
