Disclosure Policies and Accreditation

As a program jointly provided by The American Society for Aesthetic Plastic Surgery (ASAPS) and IMRhiS, we must ensure balance, independence, objectivity and scientific rigor in our educational activities. All planners, presenters and faculty members are required to disclose all relevant financial relationships with commercial interests in advance of the activity. Anyone who refuses to disclose will be removed. All disclosures are reviewed by ASAPS & IMRhiS. Conflicts of interest are identified and managed in advance of the activity.

All planners, presenters and faculty members' disclosures will be provided to the audience in advance of the activity and via slides. Additionally, all presenter disclosures will be announced verbally.

Additionally, if any unapproved or off label use of a product is to be referenced in a CME program presentation, the presenter is required to disclose that the product is either investigational or it is not labeled for the usage being discussed. ASAPS & IMRhiS shall convey any information disclosed by the presenter to the CME program audience prior to the activity. IMRhiS does not allow commercial interests to influence the planning of our educational activities. ASAPS & IMRhiS adhere to the ACCME Standards for Commercial Support.

Commercial Support Disclosure:

Contributions may be received from more than one company. Commercial contributors acknowledge that ASAPS will make all decisions regarding the disposition and disbursement of contributions and/or commercial support and that the funding received from each company will in no way affect, the identification of CME needs, determination of educational objectives, selection and presentation of content, selection of all persons and organizations that will be in a position to control the content of the CME, selection of educational methods, or evaluation of the activity. Per the ACCME Standards for Commercial Support, the ASAPS & IMRhiS will ensure that no contribution or commercial support will be used to pay for travel, honoraria, or personal expenses for non-teacher or non-author participants associated with the CME activity. ASAPS & IMRhiS will, as requested, provide documentation detailing the receipt and expenditure of the commercial support. Commercial contributors also agree that it will provide no other support of any type, whether financial, travel, speaker's bureau funding for a particular faculty member, or in kind support for any speaker at the meeting to which this agreement pertains. We will acknowledge fully the contributions from all commercial contributors in conference materials in conjunction with the meeting, and in other ways as applicable according to the guidelines of our program.

Accreditation: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for

Continuing Medical Education (ACCME) through the joint providership of The American Society for Aesthetic Plastic Surgery and IMRhiS.
