

FOURTH BERGAMO OPEN RHINOPLASTY COURSE

The complete rhinoplasty experience

March 13-15, 2014

Course Directors: Enrico Robotti, Riccardo Mazzola

THURSDAY, MARCH 13

07.00 Registration / Breakfast

07.25 Welcome and Introduction

07.30-12.30 REFRESHER COURSE: THE BASICS (Oggioni Room) Chairs: EAST, ROBOTTI

07.30 The nasal anatomy that matters to form and function	SABAN
08.00 Nasal anatomy clarified in dissection	INGALLINA
08.20 Understanding "Open" anatomy: in 3D (video)	DOMBARD
08.40 Understanding the basic "Open" technique in 3D (video)	DOMBARD
09.00 The steps of open rhinoplasty (interactive video)	ROBOTTI
09.35 Essential pearls of open rhinoplasty	CELIK

09.55 Coffee break/Exhibits

10.10 The steps of septoplasty (interactive video)	EAST
10.35 The essentials of grafting in rhinoplasty: when and how	MENGER
11.00 Analysing and planning your first rhinoplasties	CALVERT
11.25 Photography, computer imaging and surgical planning	DAVIS

11.55 CLINICAL CASES Faculty Panel:

Analysis

Panelists: CALVERT, DAVIS, DOMBARD, EAST, MENGER, SHUBAILAT Moderator: AIACH

07.30-12.30 ADVANCED MASTERCLASSES (Alabastro Room)

07.30 Tip grafting: when and how	GERBAULT
08.30 Advanced techniques in contouring and positioning the tip	DAVIS
09.30 Adjusting tip projection and rotation	FODA
10.30 A strong and elegant sidewall: what to do for alar cart malposition and else	CELIK
11.30 Osteotomy principles and techniques / crooked nose	GRUBER

12.30 Lunch/Exhibits

12.30 Lunchtime Instructional Course:

Office Management, Marketing, and Dealing with the Web (Room Alabastro)

13.20 Follow-up on the cases of the Third Course

PLENARY SESSIONS (Oggioni Room)

13.30 The fascinating history of rhinoplasty MAZZOLA

13.45 Keynote lecture: My personal ongoing journey in rhinoplasty AIACH

14.15-16.00 UNDERSTANDING THE PROCEDURE Chair: AIACH

14.15 How I analyze a nose	GRUBER
14.30 Primary rhinoplasty interactive video	AIACH
14.55 Primary rhinoplasty interactive video	CERKES
15.15 Real world rhinoplasty: 14 consecutive primary rhinos and their follow-up	DANIEL/KOSINS
15.35 When simplicity becomes an asset in aesthetic rhinoplasty	BRUSCHI

Q&A

16.00-20.00 THE TIP I Chairs: CERKES, DAVIS Commentator: GRUBER

16.00 Sutures and Grafts: the interplay and the algorithm GRUBER

16.30 Structural tip grafting CERKES

16.55 Coffee break/Exhibits

17.10 Achieving the proper tip projection and rotation (video) DANIEL/KOSINS

17.25 My preferred technique for increasing and decreasing projection GRUBER

17.45 My preferred technique for increasing and decreasing length CALVERT

18.00 Videofocus: Lateral crural steal & Lateral crural overlay FODA

18.05 NEW ISSUE: Reducing the cephalic trim DAVIS/GERBAULT

18.20 NEW ISSUE: Preserving specific structures in open dissection PSHENISNOV

18.35 The overhanging and overprojected nose SHUBAILAT

Q&A

18.55 WHEN AND HOW Faculty Panel:

Which works best for you in positioning the tip:

Strut, Tongue-in-Groove, Septal Extension Graft?

Panelists: CERKES, DAVIS, FODA, GRUBER, GUBISCH Moderator: ROBOTTI

19.25 My tip refinement algorithm DAVIS

19.40 Tip Refinement - When Sutures are not Enough (TRG grafts) DANIEL/KOSINS

19.55 The Cranial Tip Suture: options and technique (video) KOVACEVIC

Q&A

20.10 Welcome cocktail

21.10-23.00 NIGHT OWL: viewing narrated DVDs (Stucchi Room)

1 Surgical correction of a crooked nose CELIK

2 A crooked nose with DC graft to maxilla DANIEL/KOSINS

3 A secondary nose with alar deformity ROBOTTI

4 A primary open rhinoplasty SHUBAILAT

5 A primary open rhinoplasty EAST

FRIDAY, MARCH 14

06.30 Breakfast

06.45-09.40 THE TIP II AND ALAE Chairs: FODA, GUBISCH Commentator: DAVIS

06.45 NEW ISSUE Step-by-step tip surgery: the polygon concept (video)	CAKIR
07.00 Shaping the nostril rim	GRUBER
07.15 Stabilizing the latera crura by cartilage duplication (video)	DACHO
07.25 Concave malformations of the LLCs: surgical strategies for treatment	HAACK

Q&A

07.35 WHEN AND HOW Faculty Panel:

What to do for alar cartilages malposition: transpose or else?

Panelists: DAVIS, GERBAULT, KOVACEVIC, CELIK, DOMBARD Moderator: GRUBER

08.05 Alar base surgery (videos) EAST

08.15 Videofocus: Nasal Base Narrowing FODA

08.20 Premaxillary augmentation: options and hazards VON GREGORY

08.35 Videofocus: Premaxillary augmentation FODA

08.40 A personal wrap-up: my Decalogue in tip surgery ROBOTTI

Q&A

09.10 CLINICAL CASES Faculty Panel:

Tip

Panelists: CALVERT, EAST, MAZZOLA, MENGER, SHUBAILAT Moderator: CERKES

09.40-11.40 DEVIATION, SEPTUM AND FUNCTION Chair: EAST

09.40 Crooked nose (video) DANIEL

09.50 Managing the deviated nose: the role of septal surgery FODA

10.10 Coffee break/Exhibits

10.25 Extracorporeal septoplasty (video) GUBISCH

10.50 Endoscopic approach to nasal deviations BUSSI

11.05 Managing the inferior and middle turbinates EAST

11.15 The nasal valve demystified: the four planes of the valve EAST

11.25 Nasal valve surgery: objective measurements of outcome MENGER

Q&A

11.40-17.00 THE DORSUM Chairs: CERKES, GERBAULT Commentator: DANIEL

11.40 Achieving the natural dorsum and proper dorsal aesthetic lines (NEW ISSUE: The perichondro-periosteal flap) CERKES

12.00 Methods of bony hump resection (with videos) CELIK

12.20 Radix augmentation CERKES

12.30 Radix reduction DOMBARD

Q&A

07.30 -12.30 Advanced Masterclasses (Alabastro Room)

07.30 Working with rib: tricks and tips CALVERT

08.30 Extracorporeal septoplasty GUBISCH

09.30 Gaining a proper dorsum and correcting deviation: autospreaders, spreaders and else CERKES

10.30 Managing the frontonasal angle DOMBARD

11.30 Nostrils, alar base and columellar refinements GRUBER

12.45 Lunch/Exhibits

12.45 Lunchtime Industry Instructional Course:

Computer Imaging Practical Training Alabastro Room

13.30 Power tools for the dorsum DAVIS

13.45 WHEN AND HOW Faculty Panel:

Spreader flaps and variations

Panelists: CELIK, CERKES, DAVIS, KOVACEVIC Moderator: GRUBER

14.15 Nasal osteotomies: choice and logic GRUBER

14.30 Different types of osteotomies (video) DOMBARD

14.40 New approach to the dorsum and selection of osteotomies DANIEL/KOSINS

14.50 Patient-specific osteotomies: rethinking logic, finessing options PALMA

15.00 Videofocus: Open/Close-book osteotomies for asymmetric bones EAST

15.05 Osteotomies and bone reshaping in rhinoplasty: GERBAULT

1) a new breakthrough in technology

2) a paradigm shift in osteotomies design

15.25 Videofocus: Narrowing the wide nose without bony excision DANIEL

Q&A

15.40 Dorsal augmentation and the versatility of fascia / DCF CALVERT

15.55 WHEN AND HOW Faculty Panel:

Augmenting the primary dorsum

Panelists: CALVERT, GERBAULT, GRUBER, ROBOTTI Moderator: GUBISCH

16.15 Coffee break/Exhibits

16.30 WHEN AND HOW Faculty Panel:

Dealing with thick skin → thin or restructure?

Panelists: CELIK, DAVIS, FODA, GERBAULT Moderator: CALVERT

17.00-17.30 Rhino Spots Chair: MAZZOLA

17.00 Retroauricular fascial complex in dorsal nasal refinements ANTOHI

17.15 Other external approach than Rethi in Rhinoplasty DURON

17.25 Videofocus: Widening of pinched nasal tip FODA

17.30-20.15 Secondary Rhinoplasty and Complications Chair: GUBISCH

17.30 Secondary rhinoplasty principles GRUBER

17.50 Secondary rhinoplasty (interactive video) CERKES

18.10 Reconstruction of overresected nose and DCF grafts CERKES

18.30 How I currently use rib in secondary rhino GUBISCH

18.45 Cocaine induced midline lesions: options for reconstruction BUSSI

19.00 Complete septal reconstruction with a double layered conchal L-strut (video) HAACK

19.10 "Reversal rhinoplasty": reverting: secondary patients back to their ethnicity MATTI

Q&A

19.30 CLINICAL CASES Faculty Panel:

Secondary rhinoplasty

Panelists: AIACH, CALVERT, EAST, FODA, ROBOTTI, SHUBAILAT Moderator: GUBISCH

20.00 Adjourn

21.00 Gala dinner

SATURDAY, MARCH 15

06.45 Breakfast

07.10-07.50 Early Bird Video

07.10 Primary Rhinoplasty MAZZOLA

07.30 Secondary Rhinoplasty ROBOTTI

07.50 Presentation of today's cases: "How I will do it" (taped)

10.00 Coffee station

OPERATING THEATRE 1

08.00-10.30 Live Surgery 1 (commented by Robotti) GRUBER

12.30-15.00 Live Surgery 2 (commented by East) DAVIS

Narrated Video: Rhinoplasty Suture Techniques step-by-step DANIEL

A videoclip catalogue of useful manoeuvres in secondary rhinoplasty AIACH

Presentation: Introducing the Bergamo 3D Rhinoplasty Software ROBOTTI

OPERATING THEATRE 2

09.30-11.30 Live Surgery 1 (commented by Gerbault) CERKES

13.30-17.00 Live Surgery 2 (commented by Calvert) GUBISCH

13.00 Lunch station

Coffee station

17.00 Selected Abstracts Corner

17.20 Bonus Video: Aesthetic Reconstructive Rhinoplasty DANIEL/KOSINS

(cocaine nose and complex rib/ composite reconstruction)

Coffee station

17.50-18.50 Medical Rhinoplasty Chair: CELIK

17.50 Medical rhinoplasty: anatomy and practice INGALLINA

18.20 A safe "medical rhinoplasty" by use of fillers (video demonstration) BRACCONI

Q&A

18.50 Selected Abstracts Corner Prize

Wrap-up and Adjournment

FACULTY

Course Directors

Enrico Robotti, Chair

Riccardo Mazzola, Co-chair

International Faculty

Gilbert Alach - Paris, France

Frédéric Braccini - Nice, France

Jay Calvert - Beverly Hills, USA

Nuri Celik - Istanbul, Turkey

Nazim Cerkes - Istanbul, Turkey

Richard Davis - Miramar, USA

Louis P. Dombard - Bruxelles, Belgium

Charles East - London, UK

Hossam Foda - Alexandria, Egypt

Olivier Gerbault - Paris, France

Ronald P. Gruber - Oakland (CA), USA

Aaron Kosins - Newport Beach, USA

Wolfgang Gubisch - Stuttgart, Germany

Dirk Jan Menger - Amsterdam, Netherlands

Yves Saban - Nice, France

Gaith F. Shubailat - Amman, Jordan

Selected Speakers

Nicolae Antohi - Romania

Baris Cakir - Turkey

Andreas Dacho - Germany

Jean-Brice Duron - France

Henning Von Gregory - Germany

Fabio Ingallina - France

Sebastian Haack - Germany

Milos Kovacevic - Germany

Basim Matti - UK

Kirill Pshenisnov - Russia

Italian Faculty

Stefano Bruschi - Italy

Mario Busi - Italy

Riccardo Mazzola - Italy

Pietro Palma - Italy

Enrico Robotti - Italy

AUSPICES

WE THANK FOR THE SUPPORT
