

Alexandria Society of Rhinology (ASR) &
Department of Otorhinolaryngology, Alexandria Faculty of Medicine

RhinoAlex

Sheraton Montazah, Alexandria

4th-5th September

2014

Welcome

Dear Colleagues,

On behalf of the members of the Department of Otorhinolaryngology at the Alexandria Faculty of Medicine, I welcome you to fifth annual meeting: RhinoAlex 2014. This is the Alexandria University Rhinology Platform which is meant for the display of the most recent innovations and techniques in this field. Further, this is the forum for scientific interaction among both national and international workers and scientists in this domain. Despite the difficult time our country was witnessing over the past year, we were determined to hold this event and eventually we succeeded to invite world class experts to serve as Faculty for this meeting. Besides, the participation and contribution of colleagues from Egypt and Arab countries have enriched the program of RhinoAlex 2014. On the other hand, September is an excellent time to be in Alexandria to enjoy the Mediterranean water front. Thus, RhinoAlex 2014 offers participants the mix of a superb scientific program and ample time for enjoying the magnificent beaches and gardens of Montazah. We wish you a pleasant stay in Alexandria and looking forward to see you in our future meetings

Professor Mohammed Hassab
Chairman Department of Otorhinolaryngology
Alexandria Faculty of Medicine

Mohammed Hassab
