SOCIETY

8:00-8:30	Keynote lecture, Hall A Versatile use of grafting in rhinoplasty E. Robotti	Keynote lecture, Hall B Pre and postoperative care in FESS P. Hwang
8:30-8:50	Facial plastics, Hall A Rhinoplasty in male nose E. Robotti	Rhinology, Hall B FESS in children. When is it indicated? M. Bernal-Sprekelsen
8:50-9:10	Facial plastics, Hall A How and why I use spreader grafts/flaps? F. Apaydin	Rhinology, Hall B Endoscopic surgery beyond the paranasal sinuses M. Bernal-Sprekelsen
9:10-9:30	Facial plastics, Hall A Lateral crural flap in functional rhinoplasty F. Apaydin	Rhinology, Hall B 2012 Update on fungal etiology of chronic rhinosinusitis J. Ponikau
9:30-9:50	Facial plastics, Hall A Nasal base narrowing H. Foda	Rhinology, Hall B The diagnostic dilemma: How to diagnose Fungal Rhinosinusitis J. Ponikau
9:50-10:10	Facial plastics, Hall A Aesthetic canthopexy M. Pelle	Rhinology, Hall B Management of nasal valve F. Apaydin
10:10-10:30	Facial plastics, Hall A The importance of zygomas on aesthetic and rejuvenation surgery of the face M. pelle	Rhinology, Hall B Bone recycling in rhinoplasty F. Apaydin
10:30-11:00	Coffee Break	
11:00-12:30	Symposium 7, Hall A Allergy in Rhinology Moderator: M. Gharagozlou Symptomology and treatment patterns of Allergy in the Middle East Survey M. Omrani Allergic Rhinitis : Evidence-based Management M. Movahedi Allergen avoidance in management of allergic rhinitis F. Zandieh Immunotherapy in allergic rhinitis M. Gharagozlou CRS and Asthma: one Airway, one cause? J. Ponikau	Instruction Course 1, Hall B Advanced neck sculpturing: considerations and surgical approach M. Pelle
12:30-13:30	LUNCH	
13:30-15:00	Symposium 8, Hall A Revision rhinoplasty Moderator: F. Apaydin	Symposium 9, Hall B State of Art in Medical management of Rhinosinusitis Moderator: M. Bernal-Sprekelsen

8:00-8:30	Keynote lecture, Hall A Otoplasty T. Wang	Keynote lecture, Hall B Surgery of the maxillary, ethmoid and sphenoid sinus P. Hwang
8:30-8:50	Facial plastics, Hall A An algorithm for osteotomy in rhinoplasty T. Yucel	Rhinology, Hall B Sinus CT Checklist H. Braun
8:50-9:10	Facial plastics, Hall A Dorsal augmentation with cartilage-fascia wrap T. Yucel	Rhinology, Hall B Sinus surgery in 2012- update on latest technologies and in office balloon dilatation R. Kassir
9:10-9:30	Facial plastics, Hall A Precision in dorsal profile alignment H. Foda	Rhinology, Hall B Anatomy and physiology of the Eustachian tube and technique of balloon dilatation R. Kassir
9:30-9:50	Facial plastics, Hall A Role of septal surgery in management of the crooked nose H. Foda	Rhinology, Hall B Intact bulla technique in frontal sinusotomy A. Varini
9:50-10:10	Facial plastics, Hall A Middle eastern nose P. Haraldsson	Rhinology, Hall B Revision sinus surgery P. Hwang
10:10-10:30	Facial plastics, Hall A Cleft lip rhinoplasty T. Wang	Rhinology, Hall B Computer applications in rhinologic surgery P. Hwang
10:30-11:00	Coffee Break	
11:00-12:30	Instruction Course 2, Hall A Lip and palate surgery for residents T. Wang	Instruction Course 3, Hall B Endoscopic skull base surgery & Approaches for anterior skull base fistulas T. Yucel
12:30-13:30	LUNCH	
13:30-15:00	Instruction Course 4, Hall A Tip surgery techniques: Sutures techniques and projection adjustment H. Foda	Scientific Research 1: Rhinology, Hall B Moderator: J. Ghorbani Maxillary sinusitis of odontogenic origin M. Kazemi Avoiding sinus complications after sinuslifting using a new microsurgical and minimally invasive technique B. Shakibaie Imaging pitfalls in endoscopic sinus surgery A. Safavi Sphenoid sinus mass: A diagnostic & therapeutic approach J. Ghorbani Botulinum toxin A injection in both inferior nasal concha in allergic rhinitis M. Hashemi

		Limited approach of endoscopic dacryocystorhinostomy in pediatrics M. Hashemi Salivary IgA level in infectious and inflammatory diseases of upper respiratory tract A. Madani Nasal polyposis and migraine headache Ghodrat Mohammadi Chronic invasive fungal sinusitis in healthy nonallergic child A. Eshaghian Endoscopic DCR as a teamwork M. Rostami
15:00-15:30		Coffee Break
	Instruction Course 5, Hall A Nasal surgery in children P. Haraldsson	Symposium 14, Hall B Endonasal endoscopic sellar & pituitary surgery Moderator : H. Braun Surgery of the sella, suprasella, and clivus P. Hwang Endoscopic sellar surgery T. Yucel Endoscopic approach to the pituitary & parasella H. Braun
17:00-19:00		Video Surgery 3, Hall A Endoscopic frontal sinusotomy: revision surgery Chronic rhinosinusitis with polyps: surgical technique A. Varini Endoscopic frontal surgery Endoscopic surgery repair of CSF leak B. Kukuk Revision rhinoplasty H. Foda
